PO601029	3/11/2019	GALLAUDET UNIVERSITY	trauma-specific response when the need arises, our goal is to enhance the skills, knowledge and attitudes of those who serve and respond to maltreated children and youth. In that spirit, we seek to host the 3rd Annual Child Abuse Symposium on May 3, 2019 in collaboration with the Children's Justice Act Task Force. Recognizing that the funding for child welfare and law enforcement professionals is limited, we hope to broaden our audience to include more professionals from the medical, child welfare, law enforcement and legal communities. While we have been fortunate to receive small amounts of philanthropic funding for some of the conference costs (i.e. lunch, keynote speaker), we do not have any funding for a larger venue. PO603286	5/1/2019	RSC ELECTRICAL AND MECHANIC	<p>The Government of the District of Columbia, Office of Contracting and Procurement, on behalf of the Department of Energy and Environment (the Department) seeks a contractor (the Contractor) to replace and perform subsequent routine and emergency maintenance on two heating, ventilation, and air conditioning (HVAC) units described in this scope of work. The units identified service the Aquatic Resources Education Center (AREC or the Center), the Department's multi-use, education, and aquaculture center located in Anacostia Park. The results of these services are two new, fully functional, and operational HVAC systems that provide a user friendly, climate controlled public facility, and regular maintenance of the new systems to ensure peak functionality.</p> <p>SCOPE</p> <p>The contractor will procure and install two new HVAC units appropriate for heating and cooling the space identified in this scope of work. The Contractor will also dispose of the old units in accordance with all laws, regulations, guidelines, and best management practices pertaining to HVAC unit and HVAC unit part disposal. To receive payment, the Contractor will submit electronic invoices to the Department for work that has been performed. Invoices should be detailed and precisely describe costs related to, including but not exclusively, parts, equipment, labor, and disposal. The Contractor will provide all labor, supervision, tools, materials, equipment, transportation, and enterprise specific management necessary to successfully complete the required tasks. Work will begin within fourteen (14) days of receiving the award and will be completed as soon as possible. All invoices must be received no later than September 30, 2019.</p> <p>PERIOD OF PERFORMANCE: Date of Award through September 30, 2019</p>	0409 CONTRACTUAL SERVICES - OTHER	DEPARTMENT OF ENERGY AND ENVIRONMENT	\$29,245.00

			External Evaluator for the 21st CCLC grant. P.O. is valid from the date of award through September 30, 2019. DCPS PoC: Margot Berkey Out of School Time Program (202) 442-5002 OSTP seeks to enhance the schools' afterschool programs for students through teacher- led academic support and varied enrichment from highly qualified partners. If OSTP engages partners to provide varied, engaging enrichment to youths each day for at least one hour in our selected schools, OSTP can help close the opportunity gap for low income students, make school more desirable, and provide experiences that may guide students' life choices for high school, college, and careers. OSTP will target students who have not demonstrated reading or math proficiency on the state assessment to take part in the program. By working with school administrators, counselors, and teachers, OSTP will identify and recruit students who need academic and enrichment support to participate in the afterschool program.

PO602117	4/3/2019	THE NEW TEACHER PROJECT	Specifically, we propose the following services: -Manage the production and editing of one 4-6 minute video highlighting the district's mission and values, featuring staff at 2-3 schools as well as district leaders, designed to be shown to new employees during their onboarding. -Engage DCPS stakeholders in planning the story arc for the video, culminating in an outline/script to be used during casting, planning, and production. -Art direct 2-3 filming days at school sites, in coordination with a professional video team chosen by DCPS. -Oversee the editing process to produce the final video, as well as one shorter version for use on the district's recruitment website and 2-4 versions optimized for the district's social media networks. Final deliverables: One professionally-produced 4-6 minute video for use in onboarding, one 2-3 minute video for use on the district's educator recruitment website, and 2-4 videos optimized for the district's social media networks (all based on the same footage). We estimate the total cost of the services described above to be \$10,000. TNTP uses a proven model for contract staffing that relies on a core team of national experts. This team, already in place, supports the work of the organization across the country. This model keeps staffing costs low for our clients, reduces time to implementation for new projects, and enables us to deliver consistently high-quality services.	0414 ADVERTISING	DISTRICT OF COLUMBIA PUBLIC SCHOOLS	\$10,000.00

PO600911	3/7/2019	NAMI WASHINGTON, DC	: National Convention/Scholarship for Consumers and Family Members oNation's largest gathering of mental health advocates as we share, learn and network around important mental health issues. oThe 2019 NAMI National Convention offers engaging presenters, thought-provoking topics and the latest updates on important research.	0429 PROFESSIONAL SERVICES	DEPARTMENT OF BEHAVIORAL HEALTH	\$2,750.00
PO601891	3/28/2019	FRANCES OLIVIA FRENCH	assessment and revision. The exams are outdated and will be revised to represent current exam demonstrations and use of tools and implements. This critical investigation of each required demonstration section and its level of fairness and difficulty will assist in the exam delivery process. The candidate rating scale will be critiqued for its grading standard and discern if rating methods assess the candidate's skills at a competency level. Pass and fail point scale review, per subsection, will determine subsection elimination or point value increase/decrease, as it pertains to public health and safety. Once the evaluation and revision is	0429 PROFESSIONAL SERVICES	DEPT. OF CONSUMER AND REGULATORY AFFAIRS	\$1,000.00

PO599692	2/7/2019	DELL MARKETING L.P.	Annual Renewal - Veritas Software Backup Executive License for Windows Servers across all of MPD. JUSTIFICATION: MPD data warehouse and reporting teams are starting to use an agile self-service analytics, visualization and reporting tool Tableau to speed analysis, automation, and communication of commonly asked questions. The analysis can be in aggregation with drill up and down capabilities to multiple detail levels. In addition to ingestion of data from various sources such as RMS & CAD, Tableau allows data federation with the option of being able to blend with user's data. Finally, the developed dashboards and reports are easily shared with other users via a simple web page using the Tableau server. Tableau will save hours of report development time by automating and sharing of reusable reports such as Weekly Crime Trends and ANC Crime Briefing. It can also be used to analyze and answer ad-hoc questions quickly. Tableau will complement our enterprise reporting tool Cognos as the agile data visualization and reporting tool. OCTO has standardized Tableau as the premier solution for DC government and is committed to supporting the tool by providing access to free regularly scheduled teacher-led live training sessions and a server to publish and share content. REQUIREMENTS The contractor shall provide the Tableau software licenses. The software shall allow the developer to build, automate and share dashboards across all of MPD. The contractor shall provide 12 months of standard technical maintenance and support for Tableau Creator Software. The contractor shall provide documentation of all software upgrades and supply the latest software product upgrades without any cost to MPD. Period of performance shall start from the purchase date and end 12 months after that.	0442 IT SOFTWARE MAINTENANCE	METROPOLITAN POLICE DEPARTMENT	\$5,327.58

PO603267	5/1/2019	CBE PARTNERS LLC	The District's Office of Cable Television, Film, Music, and Entertainment (OCTFME) seeks a Local Small Disadvantage Business Enterprise (DSLBD) vendor to acquire equipment for its studio/control room expansion of its production facilities located at 1899 9th Street, NE, Washington, DC 20018. OCTFME has the responsibility to program three channels, twenty four hours a day, 365 days a year. As the agency increases its programming offerings, studio productions and facilities usage, additional resources are needed to accommodate the demands. During FY18, the agency invested in the expansion of its tech core to allow for additional sources and destinations to be added to the network infrastructure. Now complete, OCTFME can now pursue the acquisition of equipment that will contribute to the facility buildout. The expansion to maximize space usage, media retrieval, automation, and production opportunities are needed for the planned buildout of its second studio and control room, which is currently unused. Upon acquiring the property in 2014, one studio was built out, leaving the other for future use. OCTFME's video broadcast and production operation relies on core equipment to capture, store and retrieve media on a daily basis. The equipment constantly evolves as technology provides opportunities for higher quality and enhanced efficiencies in overall operations. To maintain the level of quality and effective in service the agency seeks to replace core components to capture, (studio cameras); store, (storage expansion), and retrieval, (clip library).	0704 PURCHASES - OTHER EQUIPMENT	OFFICE OF CABLE TELEVISION, FILM, MUSIC AND ENTERTAINMENT	\$880,000.00

			Comparison microscopes requested. This is the primary tool used in the Firearms Examination unit to conduct comparisons of fired cartridge cases and bullets. In addition to comparisons, the microscope is also used for general rifling measurements of fired bullets and taking photo-micrographs routinely used in Court. Using state of the art optical and electronic technology allows the laboratory to easily meet ISO accreditation requirements for measurement traceability and calibration. This comparison microscope needs at a minimum : -The ability to compare sample images from 100% right to 100% left, having a divide of any width, or superimposed in any percentage. All adjustments to the dividing line must be done with a single handed control.
